- ✓ Straight male-to-male USB-C connectors for direct device-to-device or device-to-dock connections.
- ✓ Check device power requirements if your laptop needs more than 60W for full charging.

Product description

Why choose this cable?

Cable USB 3.1 Type C-C Male-Male 2m Black Cirafon. This cable combines USB 3.2 Gen 1 data speeds with 60W Power Delivery, giving a reliable way to transfer files and charge devices over a 2 metre reach. It is useful for connecting phones, tablets, external drives, and peripherals where a durable, straight USB-C to USB-C link is needed.

Cable USB 3.1 Type C-C Male-Male 2m Black in short:

- USB 3.2 Gen 1 (3.1 Gen 1) for fast data transfers, suitable for syncing and moving large files.
- Supports up to 60W Power Delivery, convenient for charging phones, tablets, and many ultraportable laptops.
- 2 m length gives flexible routing between desks, docks, and workstations.
- Straight male-to-male USB-C connectors for direct device-to-device or device-to-dock connections.
- Check device power requirements if your laptop needs more than 60W for full charging.

Cable USB 3.1 Type C-C Male-Male 2m Black Cirafon

The Cirafon cable provides a simple, single-cable solution for data and power over USB-C. Use it to connect smartphones, tablets, external SSDs, docking stations, and many laptops to transfer data at SuperSpeed rates while delivering up to 60W of power. The black, straight connectors and 2 metre length make it practical for office desks and shared workspaces. Quantity per pack is one cable.
