

Privacy Filter Gold Widescreen23" 16:9

Data sheet

Summary

- ✓ Gold-tinted privacy filter that reduces side viewing to 60 degrees, helping prevent shoulder surfing.
- ✓ Fits widescreen 16:9 monitors up to 23 inches, suited for open offices and public-facing desks.
- ✓ Frameless design and anti-glare surface keep the visible area unobstructed while reducing reflections.
- ✓ Quick installation using adhesive strips and slide mount tabs, with durable scratch and fingerprint resistance.
- ✓ Consider that the gold tint alters color rendering, so it is not ideal for color-critical work.

Product description

Why choose this monitor?

Privacy Filter Gold Widescreen Cirafon helps protect on-screen data by narrowing side viewing to 60 degrees, reducing the risk of visual eavesdropping and cutting glare. The frameless, gold-tinted filter is scratch and fingerprint resistant and installs securely with adhesive strips and slide-mount tabs for reliable everyday use.

Privacy Filter Gold Widescreen in short:

- Gold-tinted privacy filter that reduces side viewing to 60 degrees, helping prevent shoulder surfing.
- Fits widescreen 16:9 monitors up to 23 inches, suited for open offices and public-facing desks.
- Frameless design and anti-glare surface keep the visible area unobstructed while reducing reflections.
- Quick installation using adhesive strips and slide mount tabs, with durable scratch and fingerprint resistance.
- Consider that the gold tint alters color rendering, so it is not ideal for color-critical work.

Product details

Privacy Filter Gold Widescreen Cirafon is a frameless display privacy filter designed for landscape monitors. It combines privacy and anti-glare functions to improve screen legibility in bright environments while limiting side viewing. The adhesive strip plus slide mount tab system provides a secure fit and straightforward removal when needed. The filter meets CE and REACH compliance standards, offering a practical choice for workplaces that need both privacy and reduced reflections.
