

Gold Privacy Filter 13.3" 16:9 for Laptop – Premium Screen Privacy Protector 13.3" 16:9

Data sheet

Summary

- ✓ Limits viewing angle to 60 degrees to keep on-screen content private in open workspaces and on the move.
- ✓ Frameless gold finish for a discreet, edge-to-edge fit that preserves touchscreen responsiveness.
- ✓ Anti-glare and scratch-resistant surface reduces reflections and withstands daily use.
- ✓ Adhesive strip plus slide mount tabs provide a secure, removable fit for 13.3" 16:9 netbooks.
- ✓ Compliant with CE and REACH; make sure your device has a 13.3" 16:9 screen and fits the stated dimensions before purchase.

Product description

Why choose this laptop screen privacy filter?

Cirafon Gold Privacy Filter 13.3" 16:9 for Laptop – Premium Screen Privacy Protector. This frameless gold filter narrows side viewing to about 60 degrees to protect sensitive on-screen information, while an anti-glare surface reduces reflections and keeps touch input responsive. It is scratch and fingerprint resistant, making it suitable for portable 13.3 inch netbooks where privacy and a durable finish matter.

Gold Privacy Filter 13.3" 16:9 for Laptop – Premium Screen Privacy Protector in short:

- Limits viewing angle to 60 degrees to keep on-screen content private in open workspaces and on the move.
- Frameless gold finish for a discreet, edge-to-edge fit that preserves touchscreen responsiveness.
- Anti-glare and scratch-resistant surface reduces reflections and withstands daily use.
- Adhesive strip plus slide mount tabs provide a secure, removable fit for 13.3" 16:9 netbooks.
- Compliant with CE and REACH; make sure your device has a 13.3" 16:9 screen and fits the stated dimensions before purchase.

Product details

This privacy filter reduces side visibility so only the user directly in front of the screen sees content clearly, while people to the side see a darkened display. The anti-glare finish improves viewing under bright office lights and in transit. Touchscreen compatibility and a fingerprint-resistant coating keep touch performance consistent and the display cleaner for longer. Installation uses adhesive strips and slide mount tabs for a stable fit and straightforward removal when needed.
