Product description

Why choose this wall charger?

Prokord Wallcharger Micro USB is a reliable indoor AC charger that supports 110–240 V input and a 3 A input current, providing steady power to Micro USB devices. Its compact black body and 1.8 m cable reduce clutter and offer flexible placement, making it a practical and cost-conscious choice for routine charging at home or at a desk.

Prokord Wallcharger Micro USB in short:

- Designed for Micro USB phones, small tablets, and accessories that require a wired AC charger.
- Wide input voltage range, suitable for varied mains supplies.
- 3 A input current for consistent and stable charging.
- 1.8 m cable gives flexible placement and easier access to outlets.
- Intended for indoor use only, and compatible only with Micro USB connections.

Prokord Wallcharger Micro USB

This wallcharger converts standard AC mains to a stable supply for devices with Micro USB ports. The integrated cable and compact two-pin plug are suited to typical indoor outlets, and the black finish fits office and home environments. Supplied as a single unit, it is built for everyday charging needs where a simple, dependable power solution is required.
