

Privacy Filter Macbook Magnet 307*201MM13.3" 16:10

Data sheet

Summary

- ✓ Magnetic framed privacy filter designed for 13.3-inch MacBook models from 2013 to 2015, landscape orientation.
- ✓ Narrows viewing angle to protect sensitive information from shoulder surfers.
- ✓ Anti-reflective surface reduces glare for clearer viewing in bright environments.
- ✓ Fingerprint resistant and scratch resistant while remaining compatible with touch input.
- ✓ Consider fit before purchase, it matches a 307 x 201 mm screen area and installs magnetically.

Product description

Why choose this display privacy filter?

Cirafon Privacy Filter Macbook Magnet 307*201MM keeps on-screen information private from side views while lowering glare and resisting fingerprints. The magnetic framed filter fits compatible MacBook models and is quick to attach or remove. It adds scratch protection and retains touch responsiveness, helping you work securely in shared spaces or on the move.

Privacy Filter Macbook Magnet 307*201MM in short:

- Magnetic framed privacy filter designed for 13.3-inch MacBook models from 2013 to 2015, landscape orientation.
- Narrows viewing angle to protect sensitive information from shoulder surfers.
- Anti-reflective surface reduces glare for clearer viewing in bright environments.
- Fingerprint resistant and scratch resistant while remaining compatible with touch input.
- Consider fit before purchase, it matches a 307 x 201 mm screen area and installs magnetically.

Privacy Filter Macbook Magnet 307*201MM

This framed display filter attaches with magnets for a secure, tool-free fit and fast removal when you need full screen clarity. The anti-reflective coating and privacy filtering make it suitable for open offices, travel, and public areas. It is built to withstand everyday wear and to keep touch gestures reliable, and it meets CE and REACH compliance for corporate procurement.
