- ✓ Note: ensure your smartphone supports Qi wireless charging before purchase.

Product description

Why choose this charger?

Cirafon Qi Charger 10W Qc2.0 provides a simple, reliable way to keep compatible smartphones charged without cables. It delivers up to 10W of Qi wireless power and reduces desk clutter, making it practical for desks, bedside tables, or reception areas. Its indoor, AC-powered design supports steady top-ups and easy placement charging during daily use.

Qi Charger 10W Qc2.0 in short:

- Compact black wireless pad with a low-profile circular design that fits on desks and nightstands.
- Delivers up to 10W Qi charging for compatible smartphones, speeding routine top-ups.
- Designed for indoor use and powered from AC for stable performance.
- Low-profile surface keeps the phone accessible while charging and shows the Qi mark to help alignment.
- Note: ensure your smartphone supports Qi wireless charging before purchase.

Product details

Cirafon Qi Charger 10W Qc2.0 is a user-friendly wireless charging pad. Place a Qi-compatible smartphone on the pad to start charging without plugging the phone in. The black, low-profile design keeps devices visible and usable while charging, and the unit is supplied as one piece per pack.
