- ✓ Precise cutouts for camera and ports with an easy snap-on fit.

Product description

Why choose this cover?

Zero Gel Drop Safe Cirafon is a slim, transparent TPU cover that preserves your phone's design while reducing damage from everyday knocks. It cushions impacts and resists scratches, helping reduce repair costs and extend device life. The flexible material makes installation and removal simple.

Zero Gel Drop Safe in short:

- Slim, flexible TPU cover that keeps the phone's original look.
- Smoke-transparent finish hides minor scuffs while showing the device.
- Provides practical drop protection up to 1 meter for iPhone XR.
- Precise cutouts for camera and ports with an easy snap-on fit.

Zero Gel Drop Safe details:

Zero Gel Drop Safe protects your iPhone XR with a soft thermoplastic polyurethane layer that absorbs shocks and guards edges. The cover keeps access to buttons and the rear camera without adding bulk. Its smooth surface is easy to clean and maintains grip to reduce accidental slips.
