- ✓ Angled CEE7/7 plug, saves space behind desks and tight outlets
- ✓ 1m cable length reduces clutter, keeps workstations tidy
- ✓ Straight C13 connector secures connection to PCs and monitors
- ✓ Black finish blends with office hardware for a neat installation
- ✓ Made by Prokord, suited for standard IT environments

Product description

Why choose this power cord?

Prokord Power Cord PC Power C13 Output 1.0m Angled Black offers a simple, reliable way to connect PCs and peripherals to mains power. It saves space behind furniture and racks with an angled wall plug, keeps installations tidy with a 1 m length, and delivers consistent performance for everyday office and IT environments.

Power Cord PC Power C13 Output 1.0m Angled Black in short:

- Angled CEE7/7 mains plug keeps the cord close to the wall, ideal for limited space behind desks and cabinets.
- IEC C13 connector is compatible with PCs, monitors, UPS units, and many peripherals.
- 1 m length helps reduce excess cable, making cable management easier in desktop and rack setups.
- Black finish blends with most equipment and reduces visibility in installations.
- Check that your outlet and equipment use CEE7/7 and C13 connections before ordering.

Practical use

The Prokord Power Cord PC Power C13 Output 1.0m Angled Black is a straightforward replacement or spare cable for IT equipment. The angled mains plug reduces strain and prevents the cable from sticking out, while the C13 connector provides a standard connection to computer power inlets and similar devices. Its length and color make it suited for neat, unobtrusive installations in offices, server rooms, and home workspaces.
