

Prokord DPC-0052

Data sheet

Core Specs

Cable length	5 m
Connector 1	CEE7/7
Connector 2	C13
Product colour	White

Summary

- ✓ 5m cable gives flexible placement of servers and workstations
- ✓ CEE7/7 to C13 connectors fit European outlets and IT equipment
- ✓ Straight male and female ends ensure a secure, reliable connection
- ✓ White finish blends into office environments for neat cable runs
- ✓ RoHS and CE certified for compliance in professional setups

Product description

Why choose this power cord?

Prokord Power Cord PC Power C13 Output 5.0m Straight White gives you a reliable 5 metre connection from a CEE7/7 mains socket to devices with an IEC C13 inlet. It extends placement options for equipment, keeps connections neat with straight connectors, and meets RoHS and CE standards for regulatory compliance and safety.

Power Cord PC Power C13 Output 5.0m Straight White in short:

- Prokord 5 m mains cable, CEE7/7 male to IEC C13 female with straight connectors.
- Useful for PCs, monitors, printers and other equipment with an IEC C13 inlet when extra reach is needed.
- White finish blends with light-coloured interiors and helps keep visible cable runs discreet.
- RoHS and CE certified for compliance with common European requirements.
- Consideration: the CEE7/7 plug is for European-type sockets, so confirm compatibility with your local mains outlets.

Product details

This Prokord power cord connects standard IEC C13 device inlets to a European CEE7/7 mains outlet, so you can place equipment where it fits your workspace. The 5 metre length gives flexibility for rearranging desks or locating peripherals away from wall sockets. Straight male and female connectors keep the cable low-profile and easy to route in cable channels. Compliance with RoHS and CE means the cable meets key safety and environmental standards expected in professional IT environments.
