Product description

Why choose this ink cartridge?

Gilford Ink Cyan No.935XI - C2p24AE gives you a cost-effective compatible replacement for HP 935 series printers. It delivers consistent cyan tones for everyday office documents and marketing materials, with an estimated yield of 825 pages. The single-pack cartridge is simple to install and helps keep colour printing reliable without disrupting your existing workflows.

Ink Cyan No.935XI - C2p24AE in short:

- Compatible replacement for HP 935 series cartridges, designed for OfficeJet Pro 6200 and 6800 series printers.
- Produces consistent cyan colour for reports, brochures, and colour-rich documents.
- Estimated page yield of 825 pages, suitable for regular office use.
- Supplied as a single pack, containing one cartridge for easy stocking.
- Check printer model compatibility before purchase to ensure fit with your specific device.

Ink Cyan No.935XI - C2p24AE

This Gilford cyan cartridge is built as a compatible option for HP OfficeJet Pro 6200 and 6800 series models, including commonly used machines such as the OfficeJet Pro 6230, 6235, 6830, 6835, 6820, 6822, 6825, and 6815. The cartridge ships in Gilford-branded packaging and includes the protective fitment shown on the product image, making installation straightforward and transport secure. It is intended for routine colour printing where dependable cyan reproduction and predictable page yield matter.
