

Headphones GR8 2 ANCBBlack

Data sheet

Summary

- ✓ Active noise cancellation and closed, circumaural design for focused listening in noisy environments.
- ✓ Up to 22 hours of continuous playback on a single charge, with USB-C charging for convenient top-ups.
- ✓ Wireless Bluetooth 4.0 connection plus a detachable 3.5 mm cable for wired use when needed.
- ✓ Built-in noise-canceling microphone for clearer voice calls on iOS, Android, Windows, and Mac devices.
- ✓ Note: Bluetooth 4.0 provides solid compatibility, but it does not include the latest low-latency or high-resolution codec support found in newer Bluetooth versions.

Product description

Why choose these headphones?

Voxicon Headphones GR8 2 ANC offer reliable active noise cancellation, long battery life, and flexible wired or wireless use for everyday listening and travel. They provide comfortable, over-ear isolation and a built-in microphone so you can focus on music or take calls without distraction.

Headphones GR8 2 ANC in short:

- Active noise cancellation and closed, circumaural design for focused listening in noisy environments.
- Up to 22 hours of continuous playback on a single charge, with USB-C charging for convenient top-ups.
- Wireless Bluetooth 4.0 connection plus a detachable 3.5 mm cable for wired use when needed.
- Built-in noise-canceling microphone for clearer voice calls on iOS, Android, Windows, and Mac devices.
- Note: Bluetooth 4.0 provides solid compatibility, but it does not include the latest low-latency or high-resolution codec support found in newer Bluetooth versions.

Sound and noise control

Voxicon Headphones GR8 2 ANC combine active noise cancelling with a closed, over-ear design to reduce ambient sound and improve listening focus. The 40 mm drivers and 32 ohm impedance are tuned for balanced playback, making these headphones suitable for music listening during commutes, remote work, or extended listening sessions.

Connectivity and battery

These headphones offer both wireless Bluetooth 4.0 and a detachable 3.5 mm cable, so you can switch between devices or conserve battery when required. The built-in Li-ion battery delivers up to 22 hours of continuous audio. Charging uses a USB Type-C port and requires modest power, with no external AC adapter included.

Comfort and call handling

The adjustable headband and padded ear cups provide comfortable fit for extended wear. The built-in noise-canceling microphone helps keep calls intelligible in moderate background noise. The headset’s black finish and visible metal sliders give a practical, durable appearance that suits everyday professional use.
