- ✓ Keeps your phone within easy reach for navigation and hands-free calls.
- ✓ Supplied as a single pack and easy to install without tools.
- ✓ Consider whether your phone or case is compatible with magnetic mounts before purchase.

Product description

Why choose this active holder?

Cirafon Car Holder Magnet Ring is a compact magnetic vent mount that keeps your smartphone accessible and visible while you drive. It secures your device with a magnetic connection, simplifies mounting and removal to reduce distraction, and fits most car interiors with a low-profile black finish.

Car Holder Magnet Ring in short:

- Magnetic mount for smartphones, designed to attach to a car air vent.
- Low-profile black design with Cirafon logo, blends into vehicle interiors.
- Keeps your phone within easy reach for navigation and hands-free calls.
- Supplied as a single pack and easy to install without tools.
- Consider whether your phone or case is compatible with magnetic mounts before purchase.

How it works

Cirafon Car Holder Magnet Ring secures a smartphone in the car by using a magnetic face combined with a rubberised vent clip. The magnet aligns quickly with a device fitted with a compatible metal plate or magnetic case, while the clip holds the mount firmly in the vent. The compact shape minimises obstruction of air flow and sightlines, making it a practical in-car accessory.
