

Cirafon DMA-029

Data sheet

Core Specs

Cable length	0.15 m
Connector 1	USB-A
Connector 2	Lightning
Product colour	White
USB version	USB 2.0
USB Power Delivery up to	12 W

Summary

- ✓ Short 0.15m cable reduces clutter, ideal for close-range charging.
- ✓ USB-A to Lightning connection ensures wide compatibility with USB-A ports.
- ✓ Supports up to 480Mbit/s data transfer for fast syncing.
- ✓ Delivers up to 2.4A and 12W for reliable charging performance.
- ✓ TPE jacket and straight connectors offer flexibility and durability.

Product description

Why choose this cable?

Cirafon AM To Lightning Cable 0.15m - White - New Mfi is a compact USB-A to Lightning cable designed for tidy, reliable charging and syncing. Its short 0.15 m length keeps workspaces and travel kits neat, while MFi compatibility and solid construction provide consistent connections and native charging for Apple devices.

AM To Lightning Cable 0.15m - White - New Mfi in short:

- Short 0.15 m length, ideal for desk charging, car use, or power banks where extra cable would get in the way.
- USB-A to Lightning connection for straightforward charging and data transfer with Apple devices.
- Supports USB 2.0 data rates up to 480 Mbit/s, suitable for syncing photos and files.
- Delivers up to 12 W (5 V, 2.4 A) for faster charging than basic cables.
- TPE jacket and straight male connectors for flexibility and a durable, low-tangle design.

AM To Lightning Cable 0.15m - White - New Mfi

This Cirafon cable connects a standard USB-A port to Lightning devices for charging and data transfer. The 0.15 m length limits clutter and keeps the cable close to the power source, which is useful at a desk, in a vehicle, or with portable chargers. Built with a TPE jacket and straight male connectors, it balances flexibility and durability while supporting 5 V power delivery and USB 2.0 data speeds.
