

Prokord MDP-MDP2W

Data sheet

Core Specs

Cable length	2 m
Connector 1	Mini DisplayPort
Connector 2	Mini DisplayPort
Product colour	Black

Summary

- ✓ 2m length gives flexible placement, keeps setups neat and tidy
- ✓ Straight male Mini DisplayPort ends ensure simple plug and play
- ✓ Black finish blends into offices and AV racks for discreet installs
- ✓ Reliable transfer of high-definition video and audio for stable displays

Product description

Why choose this cable?

Prokord Cable Mini Displayport - Mini-Displayport 2.0m provides a straightforward 2-meter connection for high-definition video and audio between Mini DisplayPort devices. It offers reliable, consistent signal transfer and a tidy installation for desktop, meeting room, or studio setups where fixed, low-maintenance cabling is needed.

Cable Mini Displayport - Mini-Displayport 2.0m in short:

- 2 m length, suitable for desk-to-monitor and short AV rack runs
- Straight male Mini DisplayPort connectors on both ends for simple plug-and-play use
- Black finish and robust build for indoor, static installations
- Transmits audio and high-definition video to monitors and projectors
- Consideration: not intended for outdoor or highly mobile use; length may not suit long-distance runs

Product details

The Prokord Cable Mini Displayport - Mini-Displayport 2.0m connects Mini DisplayPort-equipped devices with minimal setup. You can use it to link laptops, docking stations, monitors, and projectors where a stable, short-range connection is required. The cable's straight male connectors and uncomplicated design make it easy to install and replace when maintaining workstations or AV systems.
