Product description

Why choose this cover?

Cirafon Supreme Frost Drop Safe is a sleek, frost-grey cover for the Apple iPhone 11 that combines everyday drop protection with a slim, pocket-friendly profile. Its TPU construction absorbs impacts while keeping the phone accessible and easy to handle, so you get practical protection without added bulk.

Cirafon Supreme Frost Drop Safe in short:

- Drop protection up to 3 meters for everyday accidents.
- Thermoplastic polyurethane (TPU) construction for flexible shock absorption.
- Frosted translucent grey finish that helps reduce visible smudges.
- Slim, pocket-friendly design with precise cutouts, compatible with iPhone 11.
- Lightweight at 160 g and a low 12.3 mm depth for easy carrying.

Product details

Cirafon Supreme Frost Drop Safe uses durable TPU to cushion your iPhone 11 from knocks and drops while maintaining a slim silhouette. The cover provides precise access to buttons, ports, and the camera, and its frosted finish keeps the look understated. With a practical combination of light weight and measured depth, it delivers everyday protection that fits smoothly into your routine.
