

Prokord PB-DVI24+1 5M

Data sheet

Core Specs

Cable length	5 m
Connector 1	DVI-D
Connector 2	DVI-D
Product colour	Black

Summary

- ✓ 5m length lets you place displays flexibly, without compromising signal
- ✓ Dual link DVI-D supports higher bandwidth video for crisp, smooth output
- ✓ Gold plated contacts and foil plus braid shielding keep signals stable
- ✓ TPE jacket and tinned copper conductors resist wear for repeated installs
- ✓ Straight screw-lock connectors secure connections in meeting rooms

Product description

Why choose this DVI cable?

Prokord BLACK EDITION is a 5 m dual link DVI-D cable that delivers reliable digital video for extended setups and helps reduce re-cabling and downtime. Gold plated contacts, TPE jacketing, and aluminium foil with braid shielding maintain signal integrity in cable-dense environments. Straight, screw-secured connectors with firm thumbscrews keep connections stable in meeting rooms, control stations, and fixed workstations.

BLACK EDITION in short:

- 5 m length for flexible display placement without compromising signal quality.
- Dual link DVI-D (24+1) to support higher-bandwidth digital video between graphics cards and monitors.
- Gold plated contacts and aluminium foil with braid shielding for consistent signal and corrosion resistance.
- TPE jacket and tinned copper conductors for durable handling and frequent installations.
- Consideration: the sturdy 7.3 mm cable diameter and solid construction may not suit ultra-compact or highly flexible routing.

Product details

This cable is built to provide dependable digital video transmission over longer runs. Straight male DVI-D connectors on both ends feature screw locks and thumb screws for a secure physical fit. Dual link capability supports higher-bandwidth signals, while the combination of gold plated contacts, aluminium foil with braid shielding, and tinned copper conductors reduces signal loss and electromagnetic interference. The robust TPE jacket and 7.3 mm diameter give the cable a durable feel that stands up to repeated installations and fixed use.

Technical Specification Matrix

Header

Manufacturer	Prokord
--------------	---------

Features

Cable length	5 m
Connector 1	DVI-D
Connector 1 gender	Male
Connector 1 form factor	Straight
Connector 1 pinout	24+1
Connector 2	DVI-D
Connector 2 gender	Male
Connector 2 form factor	Straight

Connector 2 pinout	24+1
Product colour	Black
HDCP	No
Cable material	Tinned copper
Dual Link DVI	Yes
AWG wire size	30AWG
Connector contacts plating	Gold
Cable jacket material	TPE
Quantity per pack	1 pc(s)

Weight & dimensions

Weight	713 g
Cable diameter	7.3 mm
Package weight	713 g
