- Note: check monitor weight, the arm supports up to 6 kg per screen which may limit very heavy displays.

How it helps

This Prokord arm lets you arrange three monitors to reduce neck and eye strain, speed up multi-window workflows, and free desk surface space. The gas-assisted movement makes frequent repositioning effortless, while tilt, pan and rotation let you fine-tune angles for collaboration or individual focus. The desk clamp mount provides a stable installation and the cable routing keeps connections organised and accessible.
