

Prokord S/FTP-0064

Data sheet

Core Specs

Connector 1	RJ-45
Connector 2	RJ-45
Cable standard	Cat 6A
Cable shielding	S/FTP (S-STP)
Cable length	20 m
Jacket material	LSZH

Summary

- ✓ Cat6A S/FTP shielding reduces interference for stable high-speed links
- ✓ Supports 10G at 500MHz for future-proof office and data center runs
- ✓ PoE compatible powers cameras and phones, reduces cabling clutter
- ✓ LSZH jacket lowers toxic fumes for safer indoor installations
- ✓ 20m length and shielded RJ-45 plugs for stable, reliable connections

Product description

Why choose this network cable?

Prokord TP-Cable S/FTP is a 20 m Cat6A Ethernet cable that delivers stable high-speed data and Power over Ethernet for office and infrastructure cabling. Its S/FTP shielding and copper conductors reduce interference for reliable 10 Gbit/s links, while the LSZH jacket lowers fire and smoke risks in enclosed spaces. The white finish keeps installations tidy and easy to route.

TP-Cable S/FTP in short:

- Cat6A S/FTP cable with RJ-45 male connectors on both ends, suitable for 10 Gigabit Ethernet over typical 20 m runs.
- Supports data rates up to 10000Mbit/s and a frequency of 500MHz, for high-bandwidth devices and uplinks.
- LSZH white jacket reduces smoke and halogen in the event of a fire, appropriate for indoor and public spaces.
- PoE capable, so you can power access points, IP phones, and cameras without separate power cabling.
- 26 AWG copper conductors and full shielding improve signal integrity, note the structured shielding makes the cable less flexible in tight bends.

Prokord TP-Cable S/FTP

This cable connects switches, patch panels, access points, and PoE devices with minimal fuss. The RJ-45 metal-shielded plugs provide secure terminations and help maintain the cable shielding through the connector. Use the 20 m length for longer runs inside offices, comms rooms, or between racks where consistent throughput and reduced electromagnetic interference matter. Keep in mind the cable’s shielding and gauge when planning tight cable trays or very sharp bends.

Technical Specification Matrix

Header

Manufacturer	Prokord
--------------	---------

Features

Cable length	20 m
Cable standard	Cat 6A
Cable shielding	S/FTP (S-STP)
Connector 1	RJ-45
Connector 1 gender	Male
Connector 2	RJ-45
Connector 2 gender	Male
Product colour	White

Jacket material	LSZH
Conductor material	Copper
Data transfer rate	10000 Mbit/s
AWG wire size	26
Frequency	500 MHz
Power over Ethernet (PoE)	Yes

Packaging data

Quantity per pack	1 pc(s)
-------------------	---------

Logistics data

Harmonized System (HS) code	84733080
