

Deskmount Basic Single

Data sheet

Summary

- ✓ Secure single-screen mounting for 17"–34" monitors, suitable for standard VESA 75 x 75 and 100 x 100 mm
- ✓ Steel pole design provides reliable support while allowing easy height, tilt and swivel adjustment for comfortable viewing
- ✓ Integrated cable management keeps cables organised and out of the way
- ✓ Supports displays up to 8 kg, ideal for typical office monitors
- ✓ Consider desk edge strength and clear space under the mounting point before installation

Product description

Why choose this desk mount?

Prokord Deskmount Basic Single gives stable, adjustable monitor support for 17" to 34" screens. It combines steel construction with clamp and bolt-through installation to save time and reduce rework. The mount supports common VESA patterns and includes integrated cable management, so you can improve ergonomics and keep workstations tidy with a simple, reliable solution.

Deskmount Basic Single in short:

- Secure single-screen mounting for 17"–34" monitors, suitable for standard VESA 75 x 75 and 100 x 100 mm
- Steel pole design provides reliable support while allowing easy height, tilt and swivel adjustment for comfortable viewing
- Integrated cable management keeps cables organised and out of the way
- Supports displays up to 8 kg, ideal for typical office monitors
- Consider desk edge strength and clear space under the mounting point before installation

Practical use and installation

The Deskmount Basic Single offers straightforward desk mounting using either a clamp or a bolt-through method, giving flexibility for different desks. The VESA-compatible plate and adjustable bracket let you tilt and pan the screen to reduce glare and improve posture. Cable clips along the pole help route power and signal cables neatly. The steel housing and simple adjustment controls make it suitable for IT installs and daily office use.
