- ✓ 48-piece set with assorted screws, washers, and rubber spacers for common IT and electronics tasks.
- ✓ Suited for rack-mounted equipment, peripherals, and general repairs where consistent fasteners speed up work.
- ✓ Rubber spacers protect components and maintain correct spacing during installation.
- ✓ Standardized components help reduce downtime and simplify inventory.
- ✓ Not intended for heavy industrial applications.

Product description

Why choose this screw kit?

Prokord Standard Screw Kit is a practical 48-piece set that helps you complete routine repairs, equipment assembly, and maintenance with fewer interruptions. It provides consistent fastening, built-in spacing and protection via included washers and rubber spacers, and a straightforward selection that reduces time spent searching for compatible fasteners.

Standard Screw Kit in short:

- 48-piece set with assorted screws, washers, and rubber spacers for common IT and electronics tasks.
- Suited for rack-mounted equipment, peripherals, and general repairs where consistent fasteners speed up work.
- Rubber spacers protect components and maintain correct spacing during installation.
- Standardized components help reduce downtime and simplify inventory.
- Not intended for heavy industrial applications.

Prokord Standard Screw Kit

This kit contains a practical range of screws, washers, and rubber spacers to cover everyday fastening and mounting needs in IT environments. The combination of sizes and protective spacers makes it easy to secure panels, mounts, and small devices while protecting delicate surfaces. Keep this set on hand to streamline routine maintenance and replace lost or worn fasteners without pausing work.
