

Deluxe Cart

Data sheet

Summary

- ✓ Conference room setups requiring flexible screen positioning
- ✓ Educational institutions needing secure display systems
- ✓ Exhibition spaces that benefit from mobile display solutions

Product description

Overview

The Prokord Deluxe Cart offers a robust and versatile solution for displaying screens ranging from 49" to 70". Built with an aluminum housing in sleek black or silver, it combines a floor-mounted design with flexible VESA mounting options and a 90° rotation feature. Integrated cable management and a sturdy four-wheel system provide ease of mobility and a tidy workspace, making it a practical choice for environments that demand both functionality and style.

Who is it for?

- Conference room setups requiring flexible screen positioning
- Educational institutions needing secure display systems
- Exhibition spaces that benefit from mobile display solutions

Benefits

This cart enhances your work environment by offering a secure yet adaptable mounting solution. It supports a variety of screen sizes and mounting interfaces, which lets you tailor installations to your specific needs. The rotating mechanism and cable management system add to its user-friendly design, letting you adjust screens effortlessly while maintaining a neat appearance. Its durable construction and mobility ensure reliability during daily use.

Things to consider

- Not suitable for extremely heavy displays beyond the maximum weight capacity
- Requires a stable floor surface for optimal performance

Why choose this cart?

The cart delivers practical benefits like cost savings and reliability by reducing installation time and providing flexibility in screen management. Its design supports easy adjustments and clean cable routing, making it an efficient tool for professional setups that demand both performance and ease of use.
