Product description

Voxicon GR8-9 Mechanical Gaming Keyboard

Key Features:

- Unlimited Anti-Ghosting
- High-quality Kailh Red switches with a lifespan of up to 50 million keystrokes
- Robust aluminum construction for a premium feel

Voxicon Gaming Keyboard GR8-9

The Voxicon GR8-9 mechanical keyboard delivers exceptional performance and durability. Featuring red Kailh switches, it offers fast response times and a quiet, subdued sound compared to other mechanical keyboards. Perfect for both gaming and typing, it combines functionality with a premium look and feel. The solid aluminum construction ensures long-lasting durability and a stylish design.

Full N-Key Rollover

With Full N-Key Rollover, you can press an unlimited number of keys simultaneously without the risk of missing any keystrokes. Ideal for intense gaming sessions and fast typing.

Kailh Red Switches

The Voxicon GR8-9 is equipped with Kailh Red switches, known for their speed and precision. These switches can withstand up to 50 million keystrokes, offering a direct and tactile typing experience without being too noisy. The soft, muffled sound makes it perfect for gaming and typing without disturbing others.

Customizable Backlighting

The keyboard features blue customizable backlighting, allowing you to use it easily even in low light or complete darkness. The stylish lighting adds an extra dimension to your gaming setup and ensures you can type effortlessly in any environment.
