- ✓ 2 m length for flexible placement between device and power source.
- ✓ Straight Lightning and USB-A plugs for easy, standard connections.
- ✓ White design that blends with common Apple accessories and office setups.
- ✓ Not designed for non-Apple compatible devices.

Product description

Why choose this cable?

Cirafon Sync/Charge Cable Lightning is a straightforward solution for charging and syncing Apple devices. Its 2 metre length gives you more reach for desks, meeting rooms, and bedside use. The plug and play design makes connections simple, while the white finish keeps a clean appearance in mixed device environments.

Cirafon Sync/Charge Cable Lightning in short:

- Charge and sync Apple devices from any USB-A port with a Lightning connector.
- 2 m length for flexible placement between device and power source.
- Straight Lightning and USB-A plugs for easy, standard connections.
- White design that blends with common Apple accessories and office setups.
- Not designed for non-Apple compatible devices.

Practical use

This cable lets you connect Apple devices to laptops, desktop PCs, and USB-A chargers without extra setup. You simply plug it in to transfer data or restore a device, and the longer length helps when outlets or ports are not directly adjacent. The straight connector design fits standard ports and keeps the cable easy to route during daily use.
