Product description

Voxicon GR8-9 Mechanical Keyboard

Key Features:

- Customizable backlighting
- Unlimited Anti-Ghosting
- High-quality Kailh Red switches with a lifespan of up to 50 million presses
- Robust aluminum construction for a premium feel

Voxicon GR8-9 Mechanical Keyboard

The Voxicon GR8-9 mechanical keyboard delivers exceptional performance and long-lasting durability. Equipped with red Kailh switches, it offers fast response times and a quieter typing experience compared to other mechanical keyboards. Ideal for both work and extended typing sessions, its durable aluminum construction provides a sleek, premium feel while maintaining robustness.

Full N-Key Rollover

With Full N-Key Rollover, you can press an unlimited number of keys at once without missing any keystrokes. Perfect for fast typing and efficient productivity.

Kailh Red Switch

The Voxicon GR8-9 features Kailh Red switches, known for their precision and durability. These switches can withstand up to 50 million presses, offering a responsive and tactile typing experience with a soft, muted sound. This makes it an ideal choice for office environments or shared workspaces.

Customizable Backlighting

The keyboard includes blue backlighting that can be customized to fit various work environments. It ensures ease of use in low light or complete darkness. The stylish illumination adds an extra layer to your workstation, making it easier to type in any setting.
