

BT Teams BTI6 Duo With Anc MicStereo Black

Data sheet

Summary

- ✓ Wired and wireless operation with Bluetooth 5.0 and up to 10 m range, suitable for desk calls and mobile use.
- ✓ Noise-canceling boom microphone that helps keep speech clear in conferencing and call-centre scenarios.
- ✓ Closed, on-ear (supraaural) cups with 40 mm drivers for balanced voice reproduction and music listening.
- ✓ Built-in Li-ion battery delivers up to 20 hours of continuous audio and about 1 hour to recharge, plus 200 hours standby.
- ✓ Consider that no AC adapter or charging stand is included, a USB power source is required for charging.

Product description

Why choose this headset?

Voxicon BT Teams BTI6 Duo With Anc Mic combines wired and Bluetooth 5.0 connectivity so you can switch between desk setups and mobile devices with minimal disruption. The closed, supraaural design and noise-canceling boom mic improve voice clarity for meetings and calls. Long battery life and USB-C fast charging reduce downtime, while the detachable cable adds flexibility for different work environments.

BT Teams BTI6 Duo With Anc Mic in short:

- Wired and wireless operation with Bluetooth 5.0 and up to 10 m range, suitable for desk calls and mobile use.
- Noise-canceling boom microphone that helps keep speech clear in conferencing and call-centre scenarios.
- Closed, on-ear (supraaural) cups with 40 mm drivers for balanced voice reproduction and music listening.
- Built-in Li-ion battery delivers up to 20 hours of continuous audio and about 1 hour to recharge, plus 200 hours standby.
- Consider that no AC adapter or charging stand is included, a USB power source is required for charging.

Comfortable fit for long sessions

The headset has an adjustable head-band and cushioned on-ear cups that sit over the ear without excessive pressure. The supraaural, closed design helps reduce background noise while keeping the overall profile compact for mobile or multi-desk use. The detachable audio cable adds a simple wired fallback when battery or wireless access is not convenient.

Clear voice and reliable audio

The boom microphone uses noise-canceling technology to reduce ambient sounds and focus on the speaker’s voice. The 40 mm drivers and a 20–20,000 Hz response provide clear speech and a natural sound for music during breaks. The closed acoustic system improves isolation so callers hear less room noise.

Flexible connectivity and fast charging

You can use the headset wired via the included 3.5 mm cable or USB Type-C for charging, and wirelessly over Bluetooth 5.0 for up to 10 m of range. The integrated battery supports long shifts with about 20 hours of playback and a quick 1 hour recharge time. Included cables cover audio and USB-C charging, making it easy to integrate the headset into different workstations.

Technical Specification Matrix

Header

Manufacturer	Voxicon
--------------	---------

Performance

Product type	Headset
Wearing style	Head-band
Recommended usage	Calls, Music
Headset type	Stereo
Product colour	Black
Detachable cable	Yes

Ports & interfaces

Connectivity technology	Wired and Wireless
3.5 mm connector	Yes
Bluetooth	Yes
Bluetooth version	5.0
Wireless range	10 m

Headphones

Ear coupling	Supraaural
Headphone frequency	20 - 20000 Hz
Impedance	32 Ohm
Acoustic system	Closed
Diaphragm diameter	40 mm

Microphone

Microphone type	Boom
Microphone frequency	100 - 8000 Hz
Microphone noise-canceling	Yes

Battery

Battery operated	Yes
Battery type	Built-in battery
Battery technology	Li-ion
Continuous audio playback time	20 h
Battery recharge time	1 h
Standby time	200 h

Power

USB Type-C charging port	Yes
--------------------------	-----

USB Power Delivery (USB PD)	No
Required charging power (min)	0.3 W
Required charging power (max)	5 W

Weight & dimensions

Width	180 mm
Depth	70 mm
Height	190 mm
Weight	195 g

Packaging content

AC adapter included	No
Charging stand	No
Cables included	Audio (3.5mm), USB Type-C

Sustainability

Sustainability certificates	REACH, RoHS
Sustainability compliance	Yes
