Connectivity and control

The Voxicon Office Mouse Gr1000 (Bt+2.4G) lets you connect either with Bluetooth or the included mini RF receiver. Multi-device support makes it straightforward to work on a laptop and desktop without swapping hardware. The optical sensor with customizable resolution up to 2400 dpi helps you match pointer speed to the task at hand, from fast navigation to precise selections.

Ergonomic design and daily comfort

This right-hand mouse has a contoured shape and a pronounced thumb rest that support a neutral hand position. The pressed-button design and well-positioned wheel reduce finger fatigue, so you can stay focused through longer work periods. The matte black finish keeps the look understated and professional on any desk.

Setup and maintenance

Setup is plug-and-play with the mini receiver, or pair via Bluetooth for cable-free operation. The mouse runs on a single AA alkaline battery, which is included, and is not rechargeable. With a 10 meter wireless range and a two-year warranty, the Office Mouse Gr1000 provides a dependable, easy-to-manage pointing device for everyday office use.
