- ✓ Single-pack supply, 1 cartridge per pack, convenient for focused replenishment.
- ✓ Easy to install to minimise printer downtime.
- ✓ Consider keeping a spare cartridge if your monthly print volume is high.

Product description

Why choose this ink cartridge?

Ink Black - MFC-J5330/MFC-J6930 - LC3217BK Gilford provides reliable black prints for everyday office documents, helping you maintain consistent text clarity while reducing interruptions and supply waste. It balances dependable performance with straightforward handling for smoother print workflows.

Ink Black - MFC-J5330/MFC-J6930 - LC3217BK in short:

- Reliable black ink for clear text and crisp monochrome graphics, suitable for reports, invoices and correspondence.
- Compatible with MFC-J5330, MFC-J6930 and other Brother MFC-J series models, simplifying replacements.
- Single-pack supply, 1 cartridge per pack, convenient for focused replenishment.
- Easy to install to minimise printer downtime.
- Consider keeping a spare cartridge if your monthly print volume is high.

Main functions

The Gilford LC3217BK black ink cartridge supplies consistent monochrome output for routine office printing. It fits directly into compatible Brother MFC-J printers and installs quickly, so you can resume tasks with minimal delay. Supplied as a single pack, it lets you replace only the depleted black cartridge when needed.
