- Produces clear, colour-rich magenta suitable for documents, flyers, and classroom materials.
- Supplied as a single pack with one cartridge, for straightforward replacement and inventory control.
- Compatible with Brother models MFC-J6930DW, MFC-J6530DW, MFC-J6935DW, MFC-J5730DW, MFC-J5330DW, MFC-J5930DW, and MFC-J5335DW.
- Well suited to home workspaces, small offices, and educational environments.
- Easy to install and compatible with standard cartridge replacement workflows.

Product details

The Gilford Ink Magenta - MFC-J5330/MFC-J6930 - LC3217m is a single magenta cartridge designed for routine colour printing. It installs like a standard replacement and works with your printer’s supply handling to maintain steady output and consistent colour balance. The cartridge is identified on packaging with product code DP-B-03217M and the transparent cartridge design lets you verify the magenta item before fitting.
