

U/FTP CAT.6A Shielded LSZH 80.0m Extension Drum White RJ-45 Cat 6 80m

Data sheet

Summary

- ✓ Shielded U/FTP (FTP) cable reduces electromagnetic interference, useful near electrical equipment and in dense cable routes.
- ✓ LSZH jacket lowers smoke and halogen emissions for safer use in confined or public indoor spaces.
- ✓ 80 m pre-wound on a portable drum for fast deployment and tidy cable management on sites or labs.
- ✓ Fitted with male RJ-45 connectors at both ends for plug-and-play connection to standard network ports.
- ✓ Supplied as a single drum per pack, consider path routing and cable length planning before purchase.

Product description

Why choose this extension drum?

Prokord U/FTP CAT.6A Shielded Lszh 80.0m Extension Drum Whit delivers a convenient, deployable network link that reduces installation time and cable clutter on site. Its shielded cable and LSZH jacket improve reliability and safety in indoor environments, while the 80 m length and pre-wound drum let you roll out connections quickly across work areas or temporary installations.

U/FTP CAT.6A Shielded Lszh 80.0m Extension Drum Whit in short:

- Shielded U/FTP (FTP) cable reduces electromagnetic interference, useful near electrical equipment and in dense cable routes.
- LSZH jacket lowers smoke and halogen emissions for safer use in confined or public indoor spaces.
- 80 m pre-wound on a portable drum for fast deployment and tidy cable management on sites or labs.
- Fitted with male RJ-45 connectors at both ends for plug-and-play connection to standard network ports.
- Supplied as a single drum per pack, consider path routing and cable length planning before purchase.

Product details

The Prokord U/FTP CAT.6A Shielded Lszh 80.0m Extension Drum Whit combines a shielded Cat 6 cable with a robust cable drum to simplify temporary or fixed network runs. The orange LSZH-sheathed cable is easy to identify on site and the male RJ-45 connectors provide straightforward connection to switches, testers, and equipment. The drum keeps the cable organized during transport and use, helping you avoid tangles and reduce setup time.
