

Wallmount Tv/monitor 13-43" VESA 75/100/200 Black

Data sheet

Summary

- ✓ Fits 13–43 inch displays and supports VESA 75, 100, and 200 mounting patterns.
- ✓ Articulating arm allows rotation and tilt to set the best viewing angle without moving the screen.
- ✓ Rated for displays up to 25 kg, suitable for heavier small and mid-size monitors and TVs.
- ✓ No height adjustment, so plan mounting height to match typical user positions.
- ✓ Low-profile wall mounting saves space in meeting rooms, retail displays, and home offices.

Product description

Why choose this wall mount?

Prokord Wallmount Tv/monitor 13-43" VESA 75/100/200 provides a compact, full-motion mounting solution for small to mid-size displays. It frees up space and lets you angle screens for clearer viewing, reducing glare and improving comfort. The articulating arm and solid load capacity make it a practical choice for meeting rooms, reception areas, and flexible workstations.

Prokord Wallmount Tv/monitor 13-43" VESA 75/100/200 in short:

- Fits 13–43 inch displays and supports VESA 75, 100, and 200 mounting patterns.
- Articulating arm allows rotation and tilt to set the best viewing angle without moving the screen.
- Rated for displays up to 25 kg, suitable for heavier small and mid-size monitors and TVs.
- No height adjustment, so plan mounting height to match typical user positions.
- Low-profile wall mounting saves space in meeting rooms, retail displays, and home offices.

Product details

The Prokord Wallmount Tv/monitor 13-43" VESA 75/100/200 secures compatible displays with a sturdy bracket and an articulating arm that gives you swivel and tilt flexibility. It supports a wide range of screen sizes and a high load capacity, so you can use it with solid, heavier displays. Because it does not offer height adjustment, install it at the height that best fits your room and users.
