- ✓ 1600 dpi optical sensor for accurate pointer control during document work and web browsing.
- ✓ Three pressed buttons and one vertical scroll wheel for common office tasks.
- ✓ Runs on replaceable batteries for quick power swaps without cables.

Product description

Why choose this mouse?

Voxicon Wireless Optical Travel V.2 is a compact, battery-powered mouse that balances portability with everyday office performance. Its slim, ambidextrous profile fits into laptop bags and supports navigation and editing with a 1600 dpi optical sensor, three tactile pressed buttons, and a vertical scroll wheel for reliable control.

Wireless Optical Travel V.2 in short:

- Compact ambidextrous design for travel and mobile work.
- RF wireless connection with a nano USB receiver for simple plug-and-play setup.
- 1600 dpi optical sensor for accurate pointer control during document work and web browsing.
- Three pressed buttons and one vertical scroll wheel for common office tasks.
- Runs on replaceable batteries for quick power swaps without cables.

Design and comfort

The slim, low-profile shape suits both left- and right-handed users and sits comfortably in laptop bags. Pressed buttons give clear tactile feedback while keeping the overall height unobtrusive. The narrow, elongated form helps when you need a compact mouse for tight workspaces or frequent travel.

Performance and connectivity

The 1600 dpi optical sensor provides steady, accurate cursor movement for spreadsheets, editing and general browsing. RF wireless connectivity with the included nano receiver offers a straightforward and stable link to laptops and desktops. The vertical scroll wheel keeps navigation through long documents familiar and efficient.

Power and portability

Power comes from replaceable batteries so you can restore operation quickly without cables. The small nano receiver is easy to carry with your laptop or keep in a bag, making this mouse practical for professionals who move between locations and need a dependable pointing device.
