

Tranzip TR-36S-32

Data sheet

Core Specs

Storage Capacity	32 GB
Device interface	USB-A
Product colour	Stainless steel

Summary

- ✓ 32GB capacity stores documents, backups and media
- ✓ USB-A with USB 3.2 Gen 1, enables fast file transfers
- ✓ Capless stainless steel body resists wear and corrosion
- ✓ Built-in lanyard hole attaches to keys or tethers
- ✓ REACH and RoHS certified, ensures sustainability compliance

Product description

Why choose this USB flash drive?

Tranzip USB MEMORY STEEL USB 3.0 - 32GB gives reliable, portable storage with a robust stainless steel case that resists wear and daily handling. It offers faster file transfers over USB 3.2 Gen 1 and a capless design for convenient everyday use. Compliance with RoHS and REACH supports sustainable procurement.

USB MEMORY STEEL USB 3.0 - 32GB in short:

- Durable stainless steel housing protects data during transport and regular use.
- USB 3.2 Gen 1 (USB 3.1 Gen 1) delivers quicker transfers, useful for backing up documents and media.
- Capless form factor with an integrated loop keeps the drive ready on a keyring or lanyard.
- USB-A interface works with most desktop and laptop ports without adapters.
- Certified to RoHS and REACH, suitable for environments with sustainability requirements.

Design and use

This Tranzip drive is designed for straightforward file transfer and secure everyday carry. The 32GB capacity suits presentations, project files, photos, and archives that need quick access. Plug into any USB-A port for plug-and-play operation, and rely on the solid steel casing to withstand pocket and bag wear. The capless, compact shape reduces the chance of lost caps and makes the drive easy to keep with work tools or personal keys.
