

Tranzip TR-36S-16

Data sheet

Core Specs

Storage Capacity	16 GB
Device interface	USB-A
Product colour	Silver

Summary

- ✓ USB 3.0 speeds let you move files quickly between devices
- ✓ 16GB capacity holds essential documents and media on the go
- ✓ Stainless steel housing resists wear, for durable everyday use
- ✓ Capless, compact design keeps it ready to use and avoids lost caps
- ✓ RoHS and REACH compliant, meeting common safety and material rules

Product description

Why choose this USB flash drive?

Tranzip USB MEMORY STEEL USB 3.0 - 16GB. This compact, capless USB flash drive combines a stainless steel housing with USB 3.2 Gen 1 transfer speeds to move files quickly and withstand daily handling. It is practical for sharing documents, transporting presentations, and keeping local backups. Compliance with RoHS and REACH supports responsible procurement.

USB MEMORY STEEL USB 3.0 - 16GB in short:

- Durable stainless steel, capless design with an integrated loop for keyring attachment, suited for on-the-go use.
- USB 3.2 Gen 1 interface delivers practical transfer speeds for large files and regular backups.
- 16GB capacity for documents, presentations, training materials, and media distribution.
- Silver metal finish provides a professional look and resists wear from daily handling.
- Note that the drive uses a USB-A connector, so verify host compatibility or plan for an adapter if needed.

Product details

The Tranzip USB MEMORY STEEL USB 3.0 - 16GB offers simple, portable storage in a compact metal housing. The capless form factor removes the risk of losing a cover while the built-in loop keeps the drive readily accessible on a keyring. USB 3.2 Gen 1 performance supports routine file transfers and local backups. Each unit is supplied as a single-piece pack and complies with RoHS and REACH for procurement and environmental requirements.
