

Tranzip TR-301N-64

Data sheet

Core Specs

Storage Capacity	64 GB
Device interface	USB-A
Product colour	Black

Summary

- ✓ 64GB capacity stores documents, backups and media on the go
- ✓ USB 3.2 Gen1 delivers fast transfers with standard USB-A ports
- ✓ Swivel sleeve design protects the connector and fits a pocket
- ✓ RoHS and REACH compliance supports corporate sustainability goals
- ✓ Plug and play single pack simplifies deployment to staff

Product description

Why choose this USB flash drive?

Tranzip MEMORY STANDARD USB 3.0 64GB BLACK. Reliable, pocket-sized storage for everyday file transfer and offsite backups. The USB 3.2 Gen 1 interface gives noticeably faster transfers than USB 2.0 and stays compatible with standard USB-A ports. A metal swivel cover protects the connector, while compliance with REACH and RoHS supports responsible procurement.

MEMORY STANDARD USB 3.0 64GB BLACK in short:

- 64GB capacity for transporting documents, presentations, photos, and media between devices.
- USB 3.2 Gen 1 (USB 3.0) on a USB-A connector, offering faster file transfers and backward compatibility.
- Compact sleeve form with a metal swivel cover for connector protection and a keyring loop for easy carrying.
- Black finish for a low-profile, professional look.
- Consideration: uses a USB-A connector, so an adapter is needed for USB-C only systems.

Product details

The MEMORY STANDARD USB 3.0 64GB BLACK from Tranzip is a simple, plug-and-play flash drive for quick file sharing and short-term backups. It works with any device that accepts USB-A and makes daily transfers smoother thanks to USB 3.2 Gen 1 performance. The swivel metal cover shields the connector when not in use and the built-in loop lets you attach it to keys or lanyards. The product meets REACH and RoHS standards, which helps with compliance in procurement processes.
