- ✓ Supports up to 60W Power Delivery to charge laptops and devices
- ✓ DisplayPort Alt Mode sends video to external USB-C monitors
- ✓ TPE jacket and nickel-plated contacts resist wear and corrosion

Product description

Why choose this USB cable?

Prokord USBC-EXT3.1-2 USB cable 2 m USB 3.2 Gen 1 (3.1 Gen 1) Black gives you extra reach for USB-C setups while keeping data, video and power capabilities. It helps reduce cable clutter and makes it easier to place devices where they are most convenient, with reliable materials for everyday use.

USBC-EXT3.1-2 USB cable 2 m USB 3.2 Gen 1 (3.1 Gen 1) Black in short:

- 2 m male-to-female USB-C extension for increased reach and flexible device placement.
- USB 3.2 Gen 1 performance, up to 5 Gbit/s, for fast file transfers and peripheral connections.
- Supports USB Power Delivery up to 60W for charging phones, tablets and many laptops.
- USB-C DisplayPort Alternate Mode support for sending video to compatible monitors.
- Durable TPE jacket and nickel-plated contacts; check your device power requirements, as charging is limited to 60W.

Product details

This Prokord cable extends an existing USB-C connection without sacrificing functionality. The male-to-female straight connectors make it easy to add length between a charger, hub or host device and a USB-C peripheral. With support for USB 3.2 Gen 1 data rates and DisplayPort Alternate Mode, the cable can carry both data and video when used with compatible devices. The TPE jacket and nickel-plated contacts provide everyday durability, and the black finish blends into most workstation environments.
