Summary

- ✓ 0.5m female-to-male USB-C extension adds reach to tight ports
- ✓ USB 3.2 Gen 1 delivers 5Gbps transfers for quick file moves
- ✓ Supports up to 5A input current for faster device charging
- ✓ TPE jacket and nickel-plated contacts boost everyday durability
- ✓ Straight black connectors keep setups neat and professional

Product description

Why choose this USB cable?

Prokord USBC-EXT3.1-05 USB cable 0.5 m USB 3.2 Gen 1 (3.1 Gen 1) Black. This 0.5 m female-to-male USB-C extension delivers reliable 5 Gbps data transfer and supports up to 5 A input current for faster charging. Its short length reduces cable clutter and improves port access. The TPE jacket and nickel-plated contacts add everyday durability.

USBC-EXT3.1-05 in short:

- Female-to-male USB-C extension adds 0.5 m reach, useful for tight or recessed ports.
- USB 3.2 Gen 1 (3.1 Gen 1) performance for external drives, peripherals, and fast file transfers.
- Supports up to 5 A input current to carry higher charging currents when your setup allows it.
- Durable TPE jacket and nickel-plated contacts, finished in black for a professional look.
- Consideration: this cable extends an existing USB-C connection, so check port accessibility and cable routing before purchase.

Product details

The cable features straight male and female USB-C connectors that let you extend a device or charger without replacing existing cabling. It suits use with docking stations, chargers, laptops, and external storage where a short extension improves accessibility. Supplied as a single black cable per pack, it is built for practical daily use and helps keep work areas tidy.
