Product description

Why choose this network cable?

Prokord Tp-cable U/ftp Cat.6a Slim Lszh Rj45 2.5M Gray. This slim Cat6A patch cable delivers 10 Gbit/s performance and 500 MHz bandwidth for reliable high-speed connections. U/FTP shielding reduces crosstalk in dense installations. The low-smoke zero-halogen jacket and 2.5 m length make it practical for office or data-room patching and PoE-powered devices.

Tp-cable U/ftp Cat.6a Slim Lszh Rj45 2.5M Gray in short:

- Designed for 10 Gbit/s links and high-bandwidth applications, up to 500 MHz.
- U/FTP shielding helps keep signals stable in crowded racks and near other cables.
- Slim, flexible LSZH jacket in grey, useful for tidy cable management and public buildings.
- 2.5 m male-to-male RJ45 patch cable, suitable for connecting wall outlets, switches, and patch panels.
- Uses 32 AWG copper conductors, ideal for short patch runs; consider thicker cable for long permanent installs.

Product details

This Prokord cable has copper conductors with RJ45 male plugs for plug-and-play connections to switches, routers, and PoE devices. The screened U/FTP construction and higher frequency rating reduce interference and support consistent throughput in high-density environments. The slim LSZH jacket keeps the cable flexible for routing in tight spaces while meeting low-smoke safety preferences.
