

USB VX610 ANC 5-pack Stereo USB-A Black

Data sheet

Summary

- ✓ Pack of five headsets for consistent equipment across teams and faster rollouts.
- ✓ USB-A wired connection for plug-and-play use with desktops and softphone setups.
- ✓ Foldable boom microphone with noise-canceling and mute, plus in-line buttons including volume control for quick call handling.
- ✓ On-ear, head-band design with a 1.8 m cable for comfortable desk use and flexible positioning.
- ✓ Note: supraaural on-ear fit gives less passive isolation than over-ear models, consider this if strong ambient noise blocking is required.

Product description

Why choose this headset?

USB VX610 ANC 5-pack Voxicon is a five-pack wired headset set suited for office and call center use. It pairs active noise cancellation with a noise-reducing boom microphone and in-line controls to keep calls clear and handling quick. The USB-A connection offers plug-and-play setup, making it simple to deploy multiple units and reduce workstation downtime.

USB VX610 ANC 5-pack in short:

- Pack of five headsets for consistent equipment across teams and faster rollouts.
- USB-A wired connection for plug-and-play use with desktops and softphone setups.
- Foldable boom microphone with noise-canceling and mute, plus in-line buttons including volume control for quick call handling.
- On-ear, head-band design with a 1.8 m cable for comfortable desk use and flexible positioning.
- Note: supraaural on-ear fit gives less passive isolation than over-ear models, consider this if strong ambient noise blocking is required.

Key features and usability

The USB VX610 ANC 5-pack is built for daily use in call centers and shared office environments. Active noise cancellation helps reduce background distraction for the wearer, while the foldable boom and compact form make the headsets easy to store or share between users. In-line controls keep volume and mute access within reach, so agents can manage calls without reaching for software controls.

Sound and microphone performance

Stereo drivers reproduce voice and meeting audio across the common listening range, supporting clear playback during calls and conferences. The boom microphone covers standard voice frequencies and includes noise reduction plus a mute function, which helps keep speech intelligible in busy rooms. The on-ear design balances compactness with comfort for long shifts.

Deployment and compliance

Each headset connects via USB-A for simple installation without extra adapters, and the 1.8 meter cable allows flexible desk placement while keeping connections secure. The uniform black finish and consistent form factor simplify inventory and replacements. The product is REACH and RoHS compliant, supporting regulatory and sustainability requirements.

Technical Specification Matrix

Header

Manufacturer	Voxicon
--------------	---------

Performance

Product type	Headset
Wearing style	Head-band
Recommended usage	Office, Call center
Headset type	Stereo
Product colour	Black
Control type	Buttons
Cable length	1.8 m
Volume control	Button
Control unit type	In-line control unit

Ports & interfaces

Connectivity technology	Wired
USB connectivity	Yes
USB connector	USB-A

Headphones

Ear coupling	Supraaural
Headphone frequency	20 - 20000 Hz
Impedance	100 Ohm
Headphone sensitivity	96 dB
Diaphragm diameter	40 mm

Microphone

Microphone type	Boom
Microphone frequency	150 - 8000 Hz
Folding microphone	Yes
Microphone noise-canceling	Yes
Microphone mute	Yes

Weight & dimensions

Width	18 mm
Depth	5.5 mm
Height	15.5 mm
Weight	165 g

Sustainability

Sustainability certificates

REACH, RoHS

Sustainability compliance

Yes
