Product description

Cirafon Slim Laptop Backpack 15.6" – Black

Slim, professional and built for the workday

The Cirafon slim laptop backpack is designed for professionals on the move – between office, meetings and travel. It combines a discreet, professional design with smart functionality that simplifies your workday.

With its compact and structured shape, the backpack sits close to your back without feeling bulky. It is lightweight enough for daily commuting, yet durable enough to protect your equipment.

Protects your laptop – without unnecessary bulk

The backpack fits laptops with maximum dimensions of 275 × 38 × 310 mm (up to 15.6"). The padded laptop compartment keeps your device secure and protected from bumps and scratches during transport.

The well-thought-out construction ensures the backpack maintains its slim profile, even when fully packed.

Structured interior for an efficient workday

The spacious main compartment opens with an extra-long zipper for improved visibility and easy access. Inside you will find:

- Separate padded compartment for laptop
- Additional sleeve for tablet or documents
- Smaller organizer pockets for phone, charger and accessories

Everything has its place – so you spend less time searching.

Comfort that lasts all day

The padded back panel and ergonomic shoulder straps provide high comfort, even during longer commutes. Weighing only 885 grams, the backpack is easy to carry without compromising stability.

With external dimensions of 435 × 280 × 120 mm and a volume of 14 liters, it is spacious enough for your workday while compact enough to fit under a train or airplane seat.

Designed for travel and commuting

The integrated luggage strap allows you to securely attach the backpack to a carry-on suitcase during business trips. The durable, water-resistant material protects your belongings in unexpected weather conditions.

Its minimalist design works just as well with a suit as with a more casual business look.
