- ✓ Precise cutouts and tactile button covers for easy access
- ✓ Compatible with iPhone 13 Mini and iPhone 12 Mini

Product description

Why choose this cover?

Cirafon Spectrum Solid Drop Safe is a thermoplastic polyurethane (TPU) cover that combines reliable impact resistance with a slim, unobtrusive profile. It guards your iPhone 13 Mini and iPhone 12 Mini against everyday bumps and scratches and provides drop protection up to 2 meters. The design keeps buttons and ports accessible and includes a raised camera lip to help protect the lenses.

Cirafon Spectrum Solid Drop Safe in short:

- Flexible TPU construction for impact absorption and improved grip
- Drop protection up to 2 meters for everyday safety
- Matte black, low-profile finish with a raised camera lip
- Precise cutouts and tactile button covers for easy access
- Compatible with iPhone 13 Mini and iPhone 12 Mini

Design and functionality

The cover follows the contours of your iPhone 13 Mini and iPhone 12 Mini to preserve a slim feel while adding protection to the back and corners. A soft-touch TPU surface reduces slipping and resists minor scuffs, and raised edges around the camera help shield lenses when the phone is placed on flat surfaces. Cutouts and button covers are positioned for straightforward use of ports, camera, and controls. The product is supplied as one piece per pack.

Technical Specification Matrix
