- ✓ Low-profile black design that is easy to carry and store
- ✓ Consideration: compatible only with Apple Lightning devices and may be short for some stationary setups

Product description

Why choose this lightning cable?

Cirafon DMA-035#T lightning cable 1 m Black delivers dependable charging and data transfer for Apple devices in a compact, 1 meter design. MFi compatibility and straight Lightning and USB-A male connectors ensure plug-and-play use and consistent power delivery. The black finish keeps a low profile on desks and in travel kits while providing a practical, everyday connection.

DMA-035#T lightning cable 1 m Black in short:

- MFi-certified Lightning to USB-A cable for charging and data sync with Apple devices
- 1 meter length, suitable for desk use, power banks, and travel charging
- Straight male connectors for secure, easy insertion and removal
- Low-profile black design that is easy to carry and store
- Consideration: compatible only with Apple Lightning devices and may be short for some stationary setups

Practical details

This cable supports standard charging and data transfer without additional setup. It is ready to use out of the package and sold as a single unit, making it easy to add to technician kits or replacement drawers. The straight connector design helps keep connections stable in everyday use.
