

GR610USB-A Mouse Black

Data sheet

Summary

- ✓ Precise optical sensor up to 6400 dpi with six adjustable sensitivity modes for presentations, design work, and spreadsheet navigation
- ✓ Right-hand ergonomic shape with built-in thumb rest to reduce hand fatigue during extended use
- ✓ Seven pressed buttons and a horizontal scroll wheel for efficient access and wide-document navigation
- ✓ Wired USB-A connection with braided 1.8 m cable for reliable, tangle-resistant use on most surfaces
- ✓ Designed for right-handed desk use, so check handedness if you need an ambidextrous solution

Product description

Why choose this mouse?

Voxicon GR610 is a wired, right-handed office mouse that combines precise tracking with ergonomic comfort for long desk sessions. The 6400 dpi optical sensor and six selectable resolution modes let you adapt sensitivity to different tasks. An integrated thumb rest, braided 1.8 m cable, and a horizontal scroll wheel improve comfort and navigation while multi-colour illumination adds a professional look.

GR610 in short:

- Precise optical sensor up to 6400 dpi with six adjustable sensitivity modes for presentations, design work, and spreadsheet navigation
- Right-hand ergonomic shape with built-in thumb rest to reduce hand fatigue during extended use
- Seven pressed buttons and a horizontal scroll wheel for efficient access and wide-document navigation
- Wired USB-A connection with braided 1.8 m cable for reliable, tangle-resistant use on most surfaces
- Designed for right-handed desk use, so check handedness if you need an ambidextrous solution

Precision and control

The optical sensor delivers consistent pointer movement across common desktop and meeting surfaces. You can switch among six resolution modes to match tasks that require rapid cursor travel or fine, pixel-level adjustments. The horizontal scroll capability helps when working with wide spreadsheets or timelines.

Comfortable, ergonomic shape

The form factor is tailored for right-handed users and includes a sculpted thumb rest that supports your hand and encourages a natural grip. The overall ergonomic design helps reduce strain during long work periods while keeping primary controls within easy reach.

Durable wired design and practical features

The braided 1.8 m cable gives a durable, tangle-resistant connection through USB-A. Multi-colour illumination provides a subdued, professional accent without distraction. Seven pressed buttons and a single scroll wheel offer quick control for common tasks, and the mouse is built to perform reliably in typical office environments.
