- ✓ Compact vertical design with built-in cable routing reduces desktop footprint and keeps meeting rooms and workstations tidy.
- ✓ Consideration: designed for indoor use only.

Product description

Why choose this power station?

Cirafon Powerstation 96W USB-C+A PD/QC4+ is a compact indoor charging hub that powers up to five devices simultaneously. It delivers up to 96W from its USB-C ports for faster laptop charging, while three USB-A outputs handle phones and accessories. The vertical design with cable routing reduces desk clutter and keeps shared workspaces organized.

Powerstation 96W USB-C+A PD/QC4+ in short:

- Two USB-C ports and three USB-A ports let you charge a laptop plus multiple phones and accessories at the same time.
- Up to 96W USB Power Delivery on the high-power USB-C port supports faster charging for compatible laptops and higher-power devices.
- Supports QC4+, PPS and QC3.0 fast-charging standards for broad device compatibility across phones, tablets and accessories.
- Compact vertical design with built-in cable routing reduces desktop footprint and keeps meeting rooms and workstations tidy.
- Consideration: designed for indoor use only.

Product details

Cirafon Powerstation 96W USB-C+A PD/QC4+ centralizes charging so you can avoid multiple individual chargers and free up power outlets. It handles simultaneous charging for up to five devices, making it suitable for small teams, meeting rooms, or a busy workstation. The black finish and vertical layout help maintain a professional look while supporting a wide range of USB-powered devices.
