Product description

Why choose this port replicator?

Prokord PORTREPLICATOR MINI-HUB 4K 85W gives you a compact way to expand a USB-C laptop with multiple display outputs, wired networking, and peripheral ports. It simplifies a workstation setup, keeps your device charged while connected, and helps ensure reliable video and network performance in meeting rooms, hot desks, or home offices.

PORTREPLICATOR MINI-HUB 4K 85W in short:

- Compact USB-C port replicator with DisplayPort 1.2 and HDMI 2.0, suitable for connecting modern 4K displays and projectors.
- USB Power Delivery 3.0 pass-through, supporting up to 100W, so you can power or charge your laptop while using the hub.
- Built-in gigabit Ethernet (RJ-45) for stable wired connections at 10, 100, and 1000 Mbit/s.
- Two USB 3.2 Gen 1 Type-A ports for external drives, keyboards, and mice, plus a wired host connection via USB-C 3.2 Gen 2.
- Consideration: confirm your laptop's USB-C supports video output and power delivery to ensure full functionality.

Main functions

The hub connects to your laptop over a USB-C 3.2 Gen 2 host interface and provides a DisplayPort 1.2 and an HDMI 2.0 output for external monitors. It also includes a VGA connector for legacy displays and a gigabit Ethernet port for reliable network access. Two USB-A ports give you room for peripherals and file transfers, while USB Power Delivery lets the hub supply power to your laptop during use. The unit's black and silver finish is compact and sturdy, and it comes with a two year warranty.

Technical Specification Matrix

Header

Manufacturer	Prokord
--------------	---------

Ports & interfaces

Connectivity technology	Wired
Host interface	USB-C 3.2 Gen 2 (3.1 Gen 2)
USB 3.2 Gen 1 (3.1 Gen 1) Type-A ports quantity	2
HDMI ports quantity	1
USB Power Delivery	Yes
USB Power Delivery up to	100 W
USB Power Delivery revision	3.0

DisplayPorts quantity	1
HDMI version	2.0
DisplayPort version	1.2

Performance

Product colour	Black, Silver
