- ✓ USB 2.0 support for reliable file sync and accessory use
- ✓ Black finish keeps a tidy, unobtrusive setup in workspaces
- ✓ Made by Prokord, suitable for IT departments and office use

Product description

Why choose this USB cable?

Prokord CM -CM-TPE -2M# USB cable USB 2.0 USB C Black provides a straightforward, reliable connection between USB-C devices. It combines charging and data transfer in a single cable, cutting down on adapters and clutter. The two metre length gives flexible placement for desks and workstations, while USB 2.0 compatibility ensures broad device support and predictable performance.

CM -CM-TPE -2M# USB cable USB 2.0 USB C Black in short:

- USB-C to USB-C connection for phones, tablets and other USB-C peripherals.
- Two metre length for flexible routing and easier access to power and data ports.
- USB 2.0 performance suitable for regular charging and file sync tasks.
- Molded connectors and reinforced strain relief increase durability for everyday use.
- Consider that this is USB 2.0, so it does not provide USB 3.x transfer speeds or video over USB-C.

Product details

The cable is designed to make charging and data syncing simple across devices with USB-C ports. With a 2 m length and a flexible black jacket, it fits common workstation setups and reduces the need to move devices closer to a power source. Built connectors and visible strain relief help the cable withstand frequent plugging and unplugging, making it practical for everyday IT use.
