

Prokord PV-DP-DP143B

Data sheet

Core Specs

Cable length	3 m
Connector 1	DisplayPort
Connector 2	DisplayPort
Product colour	Black

Summary

- ✓ 3 m length simplifies monitor placement and cable routing
- ✓ Male DisplayPort connectors deliver direct digital video
- ✓ Supports up to 3820 x 2180 pixels for crisp high resolution
- ✓ LSZH, TPE jacket reduces smoke and halogen risks in tight spaces

Product description

Why choose this cable?

Prokord PV-DP-DP143B DisplayPort cable 3 m black gives you a reliable link between DisplayPort devices, with enough length for flexible desk or meeting-room setups. It supports high-resolution displays and has a low-smoke, durable jacket that makes it suitable for installations where safety and cable longevity matter.

PV-DP-DP143B DisplayPort cable 3 m black in short:

- 3 m length for flexible routing between PCs, docking stations, and monitors.
- DisplayPort male to DisplayPort male for direct digital video connections.
- Supports resolutions up to 3820 x 2180 pixels for clear desktop and video work.
- LSZH and TPE jacket reduces smoke in case of fire and resists wear in frequent-use environments.
- Both ends are male, so check that your devices provide the required DisplayPort sockets.

How it helps you

The PV-DP-DP143B DisplayPort cable connects DisplayPort-equipped sources to displays without adapters, delivering the bandwidth needed for detailed graphics and video. Its 3 m length gives you placement freedom while the black finish blends into professional environments. The LSZH and TPE jacket adds mechanical protection and safer behaviour in confined or public spaces.
