

Prokord PV-DP-DP145B

Data sheet

Core Specs

Cable length	5 m
Connector 1	DisplayPort
Connector 2	DisplayPort
Product colour	Black

Summary

- ✓ 5m DisplayPort cable delivers 4K (3840x2160) video to remote displays
- ✓ Male to male DisplayPort ends provide a secure, high bandwidth link
- ✓ TPE and LSZH jacket resists wear, lowers smoke risk in shared spaces
- ✓ Black design blends into desks and racks for neat cable management

Product description

Why choose this displayport cable?

Prokord PV-DP-DP145B DisplayPort cable 5 m Black is a 5-metre DisplayPort-to-DisplayPort cable that provides a reliable digital video link for monitors, projectors, and docking stations. Its flexible TPE jacket with LSZH construction reduces smoke and toxic gases in enclosed spaces. The cable supports resolutions up to 3840 x 2160 and has latching male connectors to keep connections secure during use.

PV-DP-DP145B DisplayPort cable 5 m Black in short:

- 5 m length for flexible desk, meeting room, or AV installations.
- DisplayPort to DisplayPort with latching male connectors for a secure digital connection.
- Supports up to 3840 x 2160 resolution for high-resolution displays.
- TPE outer jacket and LSZH construction for flexibility and improved safety in confined spaces.
- Check that both your source and display have DisplayPort ports before buying.

Product details

Prokord PV-DP-DP145B DisplayPort cable 5 m Black makes it simple to connect DisplayPort-equipped devices without adapters. The generous length helps keep workspaces and AV racks tidy while avoiding signal conversion. The durable, flexible jacket eases routing and the low-smoke, zero-halogen material is suited to offices and public venues where fire safety is a consideration. Latching connectors reduce the risk of accidental disconnection.
