Product description

Why choose this HDMI cable?

Prokord HDMI cable 3m is a practical choice when you need a straightforward, dependable link between sources and displays. It supports 4K video and common lossless audio formats while keeping installations tidy with a flexible, low-smoke jacket. The 3 metre length gives you enough reach for living-room or meeting-room setups without excess cable clutter.

Prokord HDMI cable 3m in short:

- 3 m male-to-male HDMI cable for connecting players, consoles, AV receivers and displays up to 3840 x 2160.
- Supports HDMI 1.4 features including 4K video, 3D, HDMI Ethernet channel, and lossless audio formats like DTS-HD Master Audio and Dolby TrueHD.
- Gold-plated contacts and copper conductors for steady signal transmission, with straight connectors for standard HDMI ports.
- TPE and LSZH jacket provides flexibility and reduced smoke for safer installations in confined spaces.
- Certified HDMI and true-4K; check your device HDMI versions if you require the highest refresh rates.

Product details

The Prokord HDMI cable 3m carries video, audio and networked HDMI signals over copper conductors at up to 10.2 Gbit/s. It is designed for common 4K and 3D applications and supports multichannel, lossless audio for home cinema and AV installations. Gold-plated contacts help maintain a reliable connection, while the TPE/LSZH outer jacket makes routing easy and reduces smoke in case of fire. The cable comes as a single unit and meets REACH, RoHS and CE compliance standards.
