

Wireless Keyboard SO2WL Black ISO BeWireless Scissor Belgian

Data sheet

Summary

- ✓ Full-size Belgian ISO QWERTY layout with numeric keypad and 111 keys, including 14 hot keys and multimedia controls for common office workflows.
- ✓ Solar-powered, rechargeable NiMH battery (600 mAh) with up to 30 hours runtime and about 2 hours recharge time.
- ✓ Low-profile scissor-style keys, 1.5 mm travel and 80 g actuation, designed for steady office typing; keys rated for 3 million characters.
- ✓ 2.4 GHz mini receiver (USB-A) for plug-and-play connection, 10 m wireless range, anti-ghosting and 8 ms max response time.
- ✓ Note to consider: the keyboard does not support multi-device switching, so it pairs with a single receiver.

Product description

Why choose this keyboard?

Voxicon Wireless Keyboard SO2WL Black ISO Be gives you a full-size Belgian ISO layout with a solar-rechargeable battery and low-profile scissor-style keys. It reduces downtime from battery changes, fits local typing habits, and connects via a compact 2.4 GHz receiver for straightforward plug-and-play use. The IPX3 splash rating and solid ABS plus galvanized-plate construction add everyday durability.

Wireless Keyboard SO2WL Black ISO Be in short:

- Full-size Belgian ISO QWERTY layout with numeric keypad and 111 keys, including 14 hot keys and multimedia controls for common office workflows.
- Solar-powered, rechargeable NiMH battery (600 mAh) with up to 30 hours runtime and about 2 hours recharge time.
- Low-profile scissor-style keys, 1.5 mm travel and 80 g actuation, designed for steady office typing; keys rated for 3 million characters.
- 2.4 GHz mini receiver (USB-A) for plug-and-play connection, 10 m wireless range, anti-ghosting and 8 ms max response time.
- Note to consider: the keyboard does not support multi-device switching, so it pairs with a single receiver.

Layout and daily use

This keyboard is tailored for office environments where a familiar Belgian ISO layout matters. The full-size format keeps the numeric keypad and dedicated multimedia keys within reach. Low-profile scissor-style keys aim to deliver a balance between typing speed and stability. The keyboard is not designed as a silent model, with an average noise level around 51 dB, so expect normal key sound during busy work sessions.

Connectivity and controls

Setup is simple. Plug the included mini 2.4 GHz receiver into a USB-A port and the keyboard is ready to use, without drivers on Windows, Mac OS or Linux. Hot keys provide quick access to common functions, and anti-ghosting helps when multiple keys are pressed at once. An on/off switch and battery LED indicator help manage power when the keyboard is idle.

Power, durability and compatibility

Solar charging combined with a built-in rechargeable NiMH cell reduces the need for replacement batteries and keeps the keyboard available during typical office hours. The IPX3 splash resistance and an ABS plus galvanized-plate construction improve resilience against everyday wear. Certifications include CE, FCC and RoHS, and an English user guide is supplied for quick reference.

Technical Specification Matrix

Header

Manufacturer	Voxicon
Keyboard	
Recommended usage	Office
Connectivity technology	Wireless
Device interface	RF Wireless
Keyboard key switch	Mechanical
Keyboard layout	QWERTY
Keyboard language	Belgian
Pointing device	No
Keyboard form factor	Full-size (100%)
Keyboard number of keys	111
Numeric keypad	Yes
Keyboard keys operating life	3 million characters
International Protection (IP) code	IPX3
Type of switch	Scissor
Physical layout	ISO
Windows keys	Yes
Hot keys	Yes
Keyboard key profile	Low-profile
Certification	CE, FCC, RoHS
Multi-device support	No
Keycaps material	Acrylonitrile butadiene styrene (ABS)
Programmable hot keys	No
Multimedia keys	Yes
Number of hot keys	14
Noise level	51 dB
USB hub	No
Key travel distance	1.5 mm
Actuation force	80 g
Fingerprint reader	No
Key response time (max)	8 ms
Silent keys	No
Country of origin	China
On/off switch	Yes

Design

Backlight	No
Adjustable keyboard height	No
Product colour	Black
Battery LED indicator	Yes
Material	ABS+Galvanized plate

Features

Wireless range	10 m
Plug and Play	Yes
Detachable cable	No
USB connector type	USB-A
Anti-ghosting	Yes
Hot-swap	No

Power

Power source type	Solar
Keyboard battery type	NiMh
Battery life (max)	30 h
Battery capacity	600 mAh
Rechargeable	Yes
Battery type	NiMH
Battery recharge time	2 h
Charging source	Solar

Mouse

Mouse included	No

System requirements

Windows operating systems supported	Windows
Mac operating systems supported	Mac OS
Other operating systems supported	Linux

Weight & dimensions

Keyboard dimensions (WxDxH)	438.48 x 155.58 x 20.27 mm
Keyboard weight	740.9 g

Operational conditions

Operating temperature (T-T)	0–40 °C
Storage temperature (T-T)	-10–60 °C
Operating relative humidity (H-H)	10–85 %
Storage relative humidity (H-H)	10–85 %

Packaging data

Receiver included	Yes
Wireless receiver interface	2.4 GHz dongle
Number of products included	1 pc(s)
Receiver type	Mini receiver
Receiver dimensions (WxDxH)	15 x 6 x 19 mm
Batteries included	Yes
Receiver weight	1.8 g
User guide	Yes
Package width	161 mm
Package depth	451 mm
Package height	26 mm
Package weight	886.4 g

Packaging content

Manual languages	English
AC adapter included	No

Other features

Depth	451 mm
Height	26 mm
Width	161 mm
