- ✓ Rechargeable Li-ion battery (350 mAh) with USB-C charging, about 175 hours battery life and around 2 hours to recharge.
- ✓ Note: keyboard height is fixed and does not offer an adjustable tilt.

Product description

Why choose this keyboard?

Voxicon Wireless Slim Metal Keyboard 295BWL Silver Iso-azert offers a slim aluminium body and a full-size Belgian ISO AZERTY layout, combining a professional look with practical typing and numeric entry. It saves desk space while giving reliable wireless connectivity and a rechargeable battery for sustained office use.

Wireless Slim Metal Keyboard 295BWL Silver Iso-azert in short:

- Full-size Belgian ISO AZERTY layout with numeric keypad, ideal for office work and data entry.
- Dual wireless: Bluetooth v5.0 and 2.4 GHz RF, includes USB-A receiver, supports up to 4 devices and a 10 m range.
- Slim aluminium frame in white and silver with low-profile scissor keys for stable, comfortable typing; keys are not silent.
- Rechargeable Li-ion battery (350 mAh) with USB-C charging, about 175 hours battery life and around 2 hours to recharge.
- Note: keyboard height is fixed and does not offer an adjustable tilt.

Design and build

The keyboard pairs a slim metal top plate with a white key surface to deliver a clean professional appearance. The aluminium material keeps the layout rigid while remaining lightweight for a desktop setup. A single USB 2.0 pass-through port is built in, so you can keep a peripheral connected without reaching the PC.

Connectivity and power

This Voxicon model gives you both Bluetooth v5.0 and a 2.4 GHz RF connection via an included USB-A receiver. You can switch between up to four paired devices, which makes it convenient if you work across a laptop, tablet, and desktop. The built-in Li-ion battery recharges over USB-C and includes an LED charge indicator. Auto power off helps extend runtime between charges.

Typing and compatibility

Scissor-switch keys provide a low-profile, responsive feel suited to long typing sessions and number-heavy tasks. The keyboard is plug-and-play and compatible with Windows, MacOS, and Linux. Certification includes CE and RoHS, and the unit ships with a user manual so you can set it up quickly.
